ELOPEMENT WEDDING

Renowned as an elopement wedding venue specialist within the UK, we understand that a lavish wedding with all the trimmings and a never-ending guest list isn't for everyone.

Sometimes, there is nothing more special than the simplicity of celebrating your love for one another, as just the two of you or with a handful of guests.

We host our elopement weddings in our beautifully renovated 18th Century Round House, where you overlook nothing but vines and countryside for miles. After you've tied the knot and you're officially newlyweds, we'll bring you Champagne to enjoy while you take in the peaceful surroundings and incredible views.

While you and your photographer make the most of our exclusive use venue we'll set up your champagne afternoon tea in either the Round House or on the terrace.

Our elopement wedding packages can be taken 'off the shelf' or tailored to suit your requirements.

“

I'm not even sure where to start, from start to finish, the day was just pure magic. If you are looking for a venue to elope, look no further.

No pictures do this venue justice. It's the most beautiful venue with the friendliest of staff. I can't thank them enough.

I can honestly say from the bottom of my heart it was just simply perfect.
